Preface

Early childhood education is not merely about learning letters and numbers—it is about nurturing curious minds, kind hearts, and confident learners. The LKG and UKG Series have been thoughtfully designed to provide young children with a joyful, meaningful, and value-based learning experience rooted in Indian culture and global learning practices.

This English series for example, follows a holistic, phonics-based, and child-centric approach that strengthens the four essential language skills—Listening, Speaking, Reading, and Writing. Through engaging stories, interactive activities, sound families, blends, and simple grammar exercises, children are guided step by step to build strong foundational English skills in a natural and enjoyable way.

Recognising that children learn best when learning is connected to life, culture, and emotions, this series integrates Socio-Emotional and Cultural Learning (SECL). Beyond developing academic competence, the books encourage values such as respect, sharing, cleanliness, friendship, perseverance, and service. Stories and activities are carefully woven with Indian Knowledge Systems (IKS), helping children appreciate their heritage while developing a sense of belonging and responsibility.

At the heart of this series lies our proprietary S.A.T.V.I.C. Design Framework:

- **S** – Skill Building through Stories and Activities
- **A** – Activity Before Concept for experiential learning
- **T** – Think Before and After to strengthen understanding
- **V** – Value Integration for character building
- **I** – Indic Knowledge for cultural grounding
- **C** – Co-creation of Knowledge through participation

This framework ensures that learning moves beyond rote memorisation to meaningful exploration, reflection, and creativity.

Each lesson is designed to encourage observation, expression, imagination, and collaboration. The series aims to prepare children not only for academic success but also for life—by nurturing empathy, resilience, cultural awareness, and independent thinking. Teachers and parents are partners in this journey, supporting children as they discover language, values, and their own unique potential. We hope that these books inspire young learners to love reading, enjoy learning, respect their roots, and grow into responsible, compassionate, and confident individuals.

With warm wishes for a joyful learning journey,
