Preface

Drawing is one of the most natural and joyful ways for children to express their ideas, thoughts, and imagination. Before children begin writing words, they often communicate through lines, shapes, and colours. This Senior Nursery Art Book has been thoughtfully designed to encourage creativity, observation, and confidence in young learners through simple and enjoyable drawing activities.

Through guided drawing, colouring, and picture completion activities, children gradually develop their ability to recognise shapes, patterns, and forms while strengthening hand-eye coordination and fine motor skills.

The activities move from simple observation to independent drawing so that children can express their imagination freely. By drawing pictures of animals, birds, nature, festivals, and daily life, children not only improve their artistic skills but also develop curiosity and appreciation for the world around them.

Teachers and parents play an important role in encouraging children to draw, experiment with colours, and appreciate their efforts. With gentle guidance and encouragement, every child can enjoy the process of creating something unique.

We hope this Art Book inspires young learners to imagine freely, draw confidently, and discover the joy of creative expression.
